Hi Sujata,

EPA's QAPP is a publically available document so it is fine if you include it in an appendix to the Protocol.

Let me know if you need a pdf of the signed QAPP.

Thanks, Sheila

Subject: OHA protocol for Highway 36 (phase I)

Hi Ken and Sheila,

I hope this finds you well. OHA has finalized our protocol for phase I (August/September Sampling) of the Hwy 36 investigation (see attached). This is almost 2 months overdue, but we wanted to get it finished and out before the sampling results come back. I included ATSDR's EI Protocol in Appendix A, and EPA's QAPP in Appendix B. I just wanted to make sure it's ok to include these in this document. We plan to make this available on our website - hopefully some time this week.

Please let me know if you have any questions.

Thanks,

Sujata Joshi, MSPH
